MADE IN USA
POUGHKEEPSIE, NY

Protect MDF Doors

JLT Door Clamps are designed to clamp and square MDF or HOF doors as well. The UHMW Border Kit will protect the door.

*Optional accessory shown above.

Necessary Corner Pressure

JLT Door Clamps have heavy duty jaws that bring pressure directly to the corners of your doors, exactly where you need it most.

Heavy Duty Construction

Designed with welded plate steel and tubing, the JLT Door Clamp will last through years of clamping and squaring doors.

Fast and Easy Changeovers

With the JLT Trident Pin System, this intuitive feature allows for quick changeovers between door sizes and to apply precise clamping pressure. The pin should be located as close to the center of the door as possible.
