JLT CLAMPS

TRIPLE DOOR CLAMP

#717C-TDC

Clamp Up Multiple Cabinet Doors at One Time, Or Clamp A Larger Interior or Exterior Door with the JLT Triple Door Clamp

Includes (6) vertical and (1) horizontal clamps

Maximum Capacity: 38" W x 96" L

Installed Center Bar: (2) 38" W x 29" L

Single lever valve air activation

Protect MDF Doors

JLT Door Clamps are designed to clamp and square MDF or HOF doors as well. The UHMW Border Kit will protect the door.

*Optional accessory shown above.

Fast and Easy Changeovers

With the JLT Trident Pin System, this intuitive feature allows for quick changeovers between door sizes and to apply precise clamping pressure. The pin should be located as close to the center of the door as possible.

Removable Center Bars

Easily remove the center squaring bar to allow for clamping of a larger interior or exterior door. Use the set of pins to re-attach the center bar to clamp multiple cabinet doors.

Necessary Corner Pressure

JLT Door Clamps have heavy duty jaws that bring pressure directly to the corners of your doors, exactly where you need it most.
